3D whisky

Highlands - Schotland

Dalwhinnie / Dailaine and Dufftown

Those whisky authors, dream weavers and visionaries from Caskstrength.net have done it again, reaching 'D' in their A-Z of whisky. They've even tried their hand at acting! You can 3D: The Movie below, a radical piece that shows the inception of this very special whisky, but beware traveller, it's so goddamn scary it beggars belief!

3-D is a blended malt created from 3 single malts: Dailuaine, Dalwhinnie and Dufftown, which all start with the letter 'D'(get it?). It was created by Joel and Neil themselves under the guidance of Diageo Master Blender Dr. Matthew Crow.

504 signed and numbered bottles were produced, complete with stereoscopic 3D label and glasses!
